

Pan-European Coverage

Rapid Response

24/7/365

Full Service Partner

NSI Gold Alarm Receiving Centre (ARC)

Why Clearway?

Pan-European coverage –

Clearway has offices located across the UK, France, Germany, and Austria with three Monitoring Centres (UK, France, Germany). Our CCTV Towers are deployed more widely, including Ireland, Italy, Spain, Switzerland and Belgium. It is our mission to be the pan-European supplier of choice for people, property and asset security solutions.

Full service partner –

We work closely with our clients and supply chain to deliver innovative security solutions and services that provide our clients with complete peace of mind. Operating nationwide, we have extensive experience working with some of the largest property and facility managers, landlords, insolvency practitioners, insurance providers, and infrastructure contractors in the UK. We also work across the public sector.

Rapid response 24/7/365 –

Our nationwide locations, from the Southeast to Scotland, enable us to be adaptable and flexible and provide 24/7/365 rapid response and deployment services across the UK. Our Alarm Receiving Centre (ARC) also operates 24/7/365, not only to respond to alerts, but also to support our teams and new technology deployments at all times, day and night.

NSI Gold Alarm Receiving Centre (ARC) –

Our high-security NSI Gold Cat II Alarm Receiving Centre (ARC) provides a 24/7/365 monitoring service – keeping a watchful eye on your site or premises and responding quickly to any security breaches - ensuring complete peace of mind. This facility supports a wide variety of CCTV and alarms nationwide.

We are not only licensed to monitor, react and deal with alerts and incidents, **we operate a professional and transparent service to the highest recognised and audited standards in the UK.**

Alarm monitoring
& handling

How we can help you?

Whether you need a rapid response deployment to a remote site or challenging environment, a long-term solution for a city centre property, or help protecting your people, mitigating safety risks and security threats, our broad portfolio of services, seamlessly integrated with market leading technology, ensures we have the perfect solution for you.

Monitoring Services

Our highly secure facility supports a wide variety of CCTV and alarms nationwide. We are not only licensed to monitor, react and deal with alerts and incidents, we operate a professional and transparent service to the highest recognised and audited standards in the UK.

Actionable Analytics

We turn unstructured data from cameras into structured, actionable insights, providing valuable reports designed to help mitigate risk and monitor safety and compliance. Our platform is cloud-based but also supports edge computing, allowing analytics to happen locally on devices like cameras, especially when they're not always connected to the internet. This hybrid approach supports a variety of different use cases from people recognition and abandoned object detection, to ANPR and stopped vehicle detection.

Temporary & Mobile CCTV

Commonly used for shorter-term use but also suitable for long-term deployment, our solutions provide flexibility and value for money. Simple and quick to install/remove, temporary and mobile CCTV is also ideal for areas where mains power is not an option, such as a highway or rural site.

Fire & Security Systems

We are leading consultants, installers, and operators of automated smoke/fire/flood detection and security/access control systems. Whether your requirements are for stand-alone or fully integrated systems, Clearway can provide a tailored solution for commercial buildings, construction sites, and major infrastructure projects.

Vacant Property Security

From vacant property inspections to verified video alarms, steel security screens and doors to concrete barrier hire, Clearway is your total solution provider for vacant property security. We can also provide open/lock up and keyholding services, vacant property clearance and environmental services.

K9 & Manned Guarding

Clearway provides a highly responsive short or long-term contractual security guard and K9 patrol service across the UK. Our highly trained guards are SIA licensed to deliver a full range of services, including static manned guarding, stewarding/crowd control, guarding patrols, dog patrols, mobile security, and keyholding services.

Enforcement & Debt Recovery

We provide a comprehensive commercial eviction service across England and Wales to enforce eviction orders and use de-escalation techniques to reclaim your asset. We also offer commercial debt recovery services that provide an efficient, prompt, and effective solution, with full legal compliance, support, and guidance.

People Safety & Compliance

Protecting people – this is at the core of what we do. Our people protection solutions are designed to help you mitigate the safety risks and security threats your people face daily. These solutions include cutting-edge body and helmet-cams and PPE Monitoring & Compliance powered by Artificial Intelligence (AI).

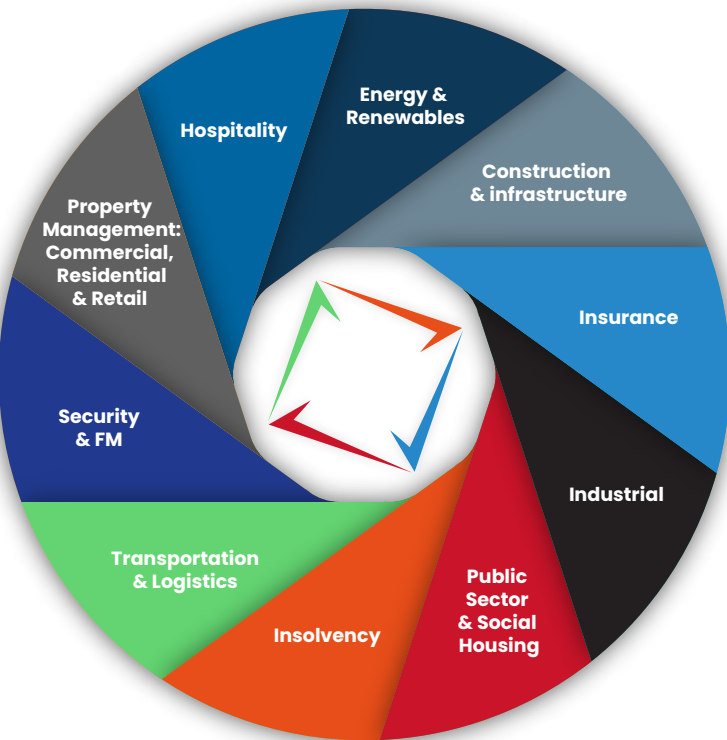

Alarm monitoring & handling

Experienced and trusted

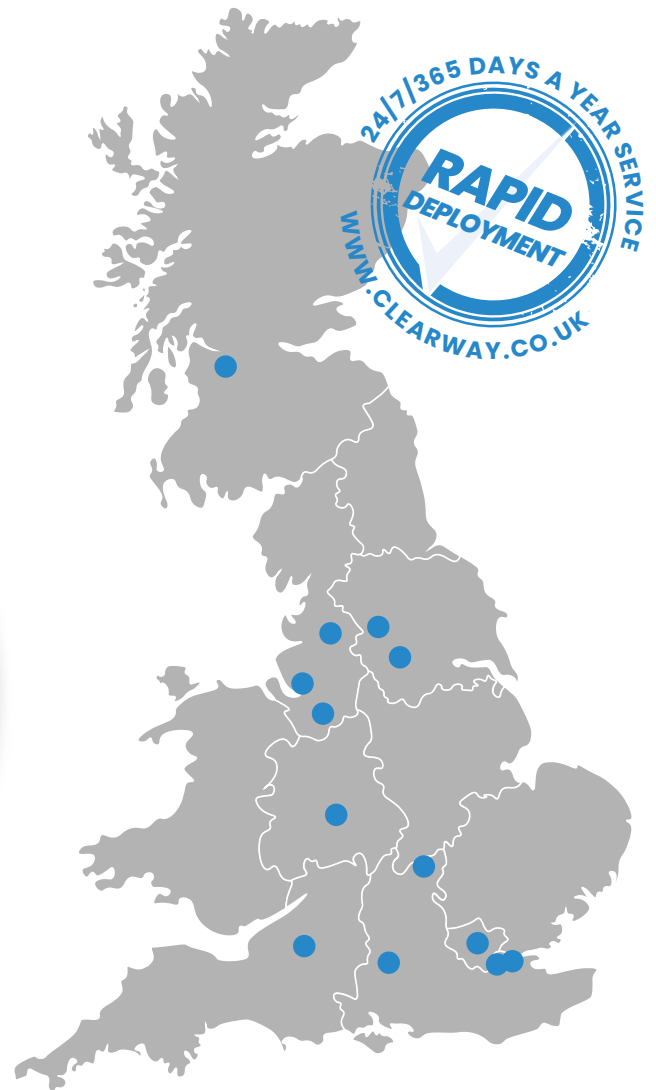

Over the last 30 years, Clearway has developed an unparalleled range of security, safety risk mitigation and commercial debt recovery solutions - protecting your people, property and assets. Working across a wide range of industry sectors, our proven best practice approach is delivered with certainty, consistency and sustainability, giving you complete peace of mind.
